OF ALL TYPES OF ADHESIVE TAPES

OUR SPECIALTY

PRINTED & PLAIN BOPP TAPES
(Water Base, Solvent Base, Rubber Base, Hot melt)

DOUBLE SIDED TAPE - MASKING TAPE
PRICE STICKER ROLL - TAG PINS
PLAIN & PRINTED GUM TAPE

BOPP PACKING TAPE

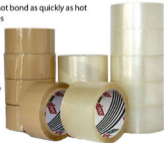

BOPP packing tapes are some of the most commonly used tapes in shipping and inventory management today, and with good reason. The special molecular structure and the resin stabilization of polypropylene offer excellent mechanical and optical properties, which are especially useful in a variety of applications, one of which is packaging.

HOT MELT ADHESIVES are one of the most widely used because of the consistent, reliable and quick seals. This kind of adhesive quickly bonds to the surface and offers high tensile strength, which make it one of the best choices for securing shipment.

ACRYLIC ADHESIVES are another good option. They do not bond as quickly as hot melt adhesives (it has decent initial adhesion but it features gradual adhesion buildup to achieve maximum bond strength), but have better heat, UV & shear resistance.

WATER-ACTIVATED TAPE

(gummed tape) bonds instantly to both virgin & recycled fiber surfaces and therefore, generate a rapid bond resulting in a tamper evident package. WAT is offered in both fiberglass reinforced & plain paper with many styles.

OUR MACHINERY

We have a sound infrastructure that is supported by an efficient manufacturing unit. Our strong infrastructure plays an integral role in the development of our company.

SLITTING

We offer slit to width capabilities for customers seeking custom width rolls of pressure sensitive adhesive tapes. We can convert adhesive tape into rolls that meet customer requirement, Our slitting machines are designed to convert jumbo rolls of up to 1600mm width into hand and machine rolls with superb finishing.

PRINTING

We operate high-tech printing presses that give us the ability to print carton sealing tapes. These versatile machines have the ability to print up to two colors on both sides of the tape, with exceptional finish.

PRINTED TAPE

Custom Printed Carton Sealing Tape - Draw attention to your package and alert handlers of special care needs. Personalize your packaging system with printed tapes that include your company name and information!

Transparent BOPP adhesive tapes are ideal for shipment with special care instructions or products with packaging that must remain visible. Colored BOPP packing tapes are handy for inventory management as they can be utilized as a product identification and organization tool.
